# ABOUT US

Hi , my name is zaki and i am a blockchain devloper and a student also but my goal is to provide for africa a better future

HOW ? creating solution with the new technologies like blockchain to empower our economic system !

# THE MISSION OF AFRICA INVEST DAO COMMUNITY

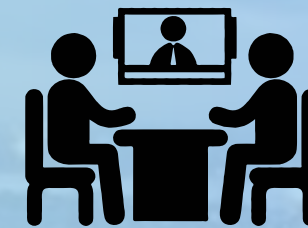

## Support

We need to support the young generation of africa for they can innovate and make exiting ideas to boost their continent and we will be here to support them on

## Security

We need to make Africa a safer place when person can build their future here , so we need to collaborate in community for make this dream true

## Collaboration

Obviously for a better africa we need to be like a unique body here for the revolution of our continent

## Innovation

Make also tools in community to change the fiancial system of africa and make it safer and better

# OUR SERVICES

As a investor , you can enjoy the access of a lot of investment proposal for supporting Africa in its changing

as a business , you can enjoy of our financial support to boost your project and building africa

or if you want more we will also make Dapps and protocol to make sure you find yourself on this journey

# THE FUTURE

We are not just an investment DAO but also we are a DAO wich make  
DeFi solution for empowering the fiancial system in Africa

## Project 1

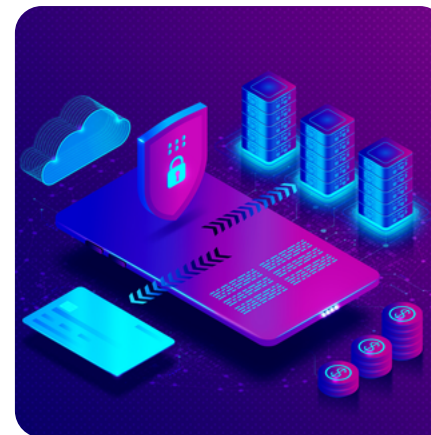

DeFi tool

we are sure to  
make for the future  
an excellent DeFi  
solution but it's a  
project so i can't tell  
you everything  
about it

## Project 2

Tokenization project

Also we are going to  
tokenize Africa

i think it will give  
more competition  
for us

## Project 3

A blockchain ?

CONNECT AFRICA !!!

# TOKENOMICS

01

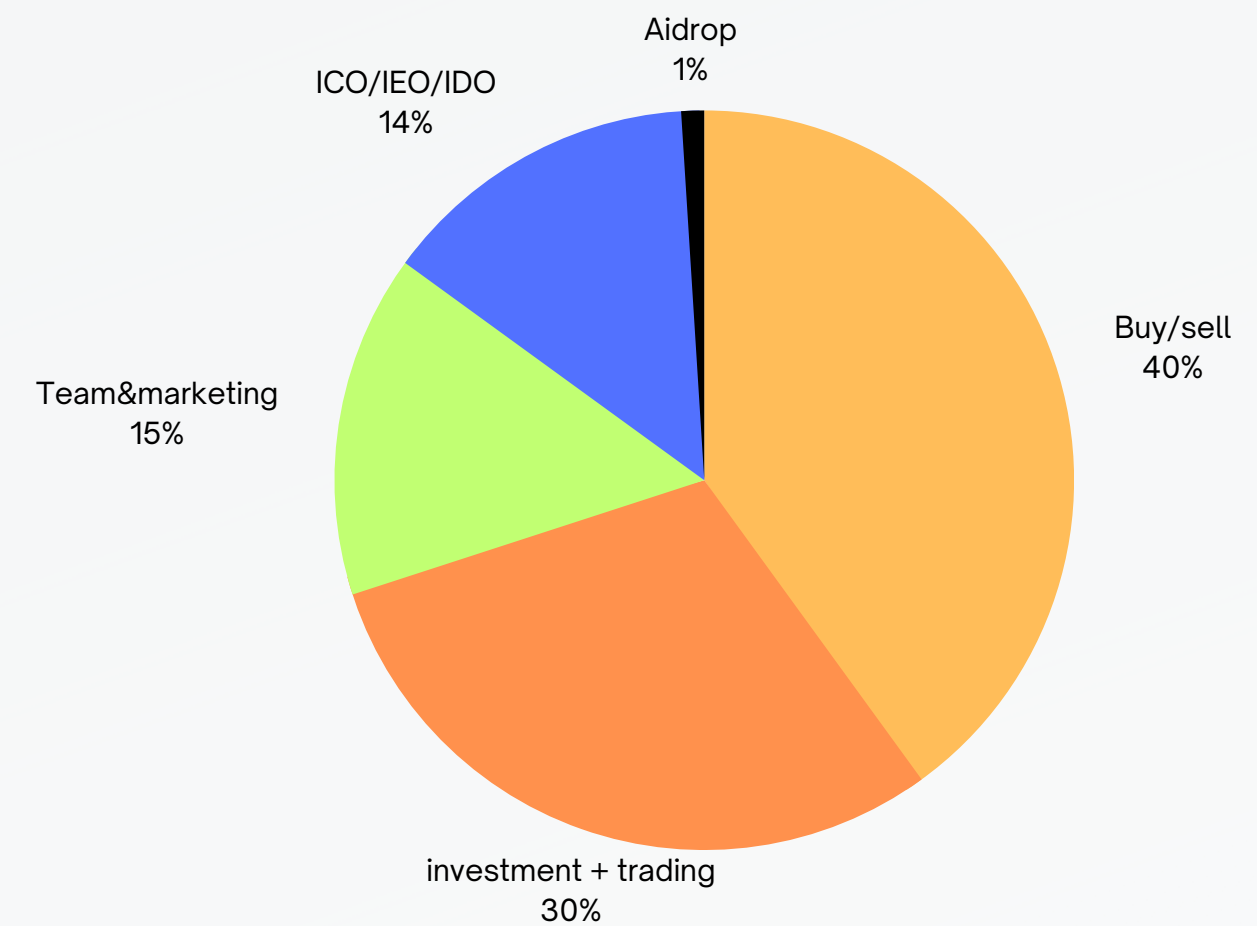

There is two AFI token , One for the governance and the other for buying

02

the AFI have a supply of 200 000 000 AFI and also sirve for all the economic activity of the DAO

03

The Governance afi with a supply of 201 000 000 GT AFI will be here with no value and serve for governance activity
